The Lagoon 55 offers living space with multiple possibilities and uncompromising views over the sea.

This is a model conceived by passionate designers for lovers of the sea in search of freedom.

### **Strength and quality**

With its modern and assertive lines, the Lagoon 55 plays with the codes by mixing innovation and the fundamentals of the brand's DNA. This subtle alliance gives this new model a decisive look that is instantly recognizable.

Designed as a true terrace on the water, the aft cockpit of the Lagoon 55 offers an incomparable opening onto the sea. Subtle architectural solutions have made it possible to do away with the aft beam and reinvent life and circulation on board.

## A new point of view

The integration of overhead windows in the coachroof is a major innovation.

It promises exceptional light in the saloon, and the pleasure of an unprecedented view of the outside.
